Dear leaders and representatives of movements,

At the *Inter-Party Dialogue* on 17-18 September 2021 in Belgrade the co-facilitators agreed on a Document, outlining 16 different measures that are based on the input provided by all participants during the dialogue process. We would herewith like to encourage you to take an active part in the implementation of these measures that could help to improve the level-playing field for the upcoming elections in Serbia. Namely, in connection with the creation of the Temporary Supervisory Body, opposition parties and platforms can propose members to this Body in order to ensure a better oversight of the media and related issues ahead of the elections.

In order to ensure adequate representation of the opposition in the Temporary Supervisory Body and by that contributing to the improvement of electoral conditions in Serbia, we invite you to swiftly send your proposal for a suitable candidate, who meets the highest standards in terms of professional and personal integrity, to the Speaker of the National Assembly of the Republic of Serbia by Monday 25 October 2021. We would appreciate if you could provide us with a copy of your reply to the Speaker.

Providing better conditions for political competition is primarily a responsibility of the state authorities and institutions. However, your active role as opposition forces is of the greatest importance. Dialogue, communication, and cooperation among the different political forces are crucial for the democratic development of our societies and for the citizens that we represent.

Yours sincerely,

Tanja FAJON
